

BACHELOR OF SCIENCE IN ELEMENTARY EDUCATION

4–8 Science Concentration

Program Overview

The Bachelor of Science in Elementary Education with a 4–8 Science Concentration is designed principally for the preparation of science teachers in grades 4–8. This program is geared towards helping students understand the transitions that are made from childhood to early adolescence.

Career Opportunities for Elementary Education – 4–8 Science

Degree programs are designed for students preparing for careers as science teachers in grades 4–8 in public schools. Programs also provide foundation courses for students to pursue graduate study.

Objectives

The primary objectives of the program in Elementary Education, 4–8 Science Concentration, are to help students:

1. Acquire state-mandated competencies relative to childhood and early adolescent development.
2. Acquire pedagogical skills for teaching science in grades 4–8.
3. Prepare for graduate study.

Educator Preparation Program Requirements

To graduate from the Educator Preparation Program (EPP), students must meet the following requirements:

- Earn a minimum grade point average of 2.75.
- Pass all courses required in the major with a grade of C or better.
- Successfully complete student teaching by performing at a “B” or above grade level.

Candidates who graduate from the EPP meet the criteria for recommendation of a standard teaching certificate. Candidates must complete the application and pay associated fees to the Texas Education Agency (TEA). For the most up-to-date information on admission to the traditional EPP, teacher candidacy and advancement, and criteria for admission to and retention in student teaching (clinical teaching), see the Educator Preparation Program page on the Wiley University website.

GENERAL DEGREE REQUIREMENTS

For the Bachelor of Science degree in Elementary Education, 4–8 Science Concentration, the student must complete the following:

General Education Requirements	45 Semester Hours
Departmental Requirements	36 Semester Hours
Major Field of Study Requirements	<u>47</u> Semester Hours
Total Semester Hours	128

RECOMMENDED FOUR-YEAR CURRICULUM

Bachelor of Science in Elementary Education, 4–8 Science Concentration

BACHELOR OF SCIENCE IN ELEMENTARY EDUCATION

Core Subjects (EC–6)

Program Overview

The Bachelor of Science in Elementary Education is designed principally for the preparation of teachers in grades EC–6. This program is geared towards helping students understand the transitions that are made from childhood to early adolescence.

Career Opportunities for Elementary Education

Degree programs are designed for students preparing for careers as teachers in grades PK–6 or daycare providers that are administered by public schools. Programs also provide foundation courses for students to pursue graduate study.

Objectives

The primary objectives of the program in Elementary Education are to help students:

1. Acquire state-mandated competencies relative to childhood development.
2. Acquire pedagogical skills for teaching grades PK–6.
3. Prepare for graduate study.

Educator Preparation Program Requirements

To graduate from the Educator Preparation Program (EPP), students must meet the following requirements:

- Earn a minimum grade point average of 2.75.
- Pass all courses required in the major with a grade of C or better.
- Successfully complete student teaching by performing at a “B” or above grade level.

Candidates who graduate from the EPP meet the criteria for recommendation of a standard teaching certificate. Candidates must complete the application and pay associated fees to the Texas Education Agency (TEA). For the most up-to-date information on admission to the traditional EPP, teacher candidacy and advancement, and criteria for admission to and retention in student teaching (clinical teaching), see the Educator Preparation Program page on the Wiley University website.

GENERAL DEGREE REQUIREMENTS

For the Bachelor of Science degree in Elementary Education (EC–6), the student must complete the following:

General Education Requirements	45 Semester Hours
Departmental Requirements	30 Semester Hours
Major Field of Study Requirements	<u>45</u> Semester Hours
